# Community Safety

Our community initiative ensures that anyone facing risk has a discreet, immediate and accessible source of support right at their fingertips.

# Your Journey with Ask Joan

We work with you every step of the way to tailor the roll out of Ask Joan so that it can work as effectively for your area as possible. From the costings to the personalised support, we are on hand to walk through all elements of Joan's rollout for you and your survivors.

# Who is it for?

Joan thrives because it is so flexible, and can work through a wide range of cases.

Joan has been utilised in situations of domestic abuse, child abuse, stalking and harassment and works so well because of its compatibility across so many scenarios.

# Empowerment

## Feeling unsafe?

If you start to feel unsafe, and need to call for help, our silent life line is ready to get you the support you need, when you need it...

## Household appliance

You can raise the alarm by flicking the switch of a standard household item, like a kettle, air fryer, or straighteners.

## Energy Surge

Our system monitors any unusual surges in power use, and will raise an automatic alarm without you having to say a word.

## Help at hand

The alert will be sent to your pre-determined list of emergency contacts One by one, until someone acknowledges you need help.

## Join Our Initiative

Join us in shaping Ask Joan, your feedback helps build a safer future for domestic abuse survivors.
